Branislav Z. Pop	ović
------------------	------

Boško S. Jovano	vić
-----------------	-----

Some convergence rate estimates for finite difference schemes - interpolation technique		
John O. Adeniran	On certain anticommutative algebras II	17
Nikola Rosić		Double transformation and equation

Sever S. Dragomir

Valentin M. Boldea

Some new remarks on Cauchy-Buniakowsky-Schwarz's inequality .		
M. O. Ojo		Analysis of bioassay data with more than one
James A. Oguntuase		Remark on some integral inequalities for con

J. A. Oguntuase

Raman Adegoke	
---------------	--

Weighted norm inequality for some integral operators	55
--	----

S. A. Akinleye

A. R. T. Solarin	
------------------	--

On production planning problems with non-linear cost function		
Mirko Lepović		On caconical graphs and eigenvectors of gra
Zdravko F. Starc	Finding the boundary curves	of the second order linear ordinary differential
Alfred A. Akinsete		Blocked finite tandem queues with withdrawa

Dragan Stevanović

Ivan Gutman

Hosoya polynomials of trees with up to 10 vertices	111
--	-----

PHYSICS

Ljubisav Novaković

The expansion mechanism and a recession of

Branko B. Obrović

Slobodan R. Savić

Moment equation of ionized gas in the case of changeable electric conductivity .

CHEMISTRY

Ranđel Mihajlović

Dragić Banković

Mirjana Vukićević

Content of lead in the soil and plant material at the highway, section Smederevo-Batočina

BIOLOGY

M. I. Lesovskaya

The erithropoetic effects of tryptophan and its
