

Kragujevac Journal of Science

Vol. 29 (2007)

CONTENTS

PHYSICS		
Hazem Ali Attia	<u>Hydromagnetic transient Couette flow and heat transfer in the presence of exponential decaying pressure gradient with the Hall effect</u>	
Hazem Ali Attia	<u>Time varying Hartmann flow with heat transfer of a power-law fluid with uniform suction and injection under constant pressure gradient</u>	
Ljubisav Novaković	<u>Space, time, and a new approach to the principle of relativity</u>
